Ocean Victory

Welcome Aboard!

Step aboard Ocean Victory, your gateway to some of the most remote and extraordinary places on Earth.

DESIGNED FOR EXPLORATION

Purpose-built for immersive exploration, Ocean Victory combines next-generation expedition capability with exceptional onboard comfort. Featuring the innovative X-BOW® design, the ship delivers smoother sailing and increased stability, even in challenging sea conditions, helping guests spend more time enjoying the journey and less time feeling it.

With a small-ship capacity and advanced expedition infrastructure, Ocean Victory offers access to remote landing sites, extraordinary wildlife encounters, and destinations beyond the reach of larger vessels. Heated mudrooms, four dedicated embarkation points, and efficient Zodiac operations ensure seamless transitions between ship and shore.

AN EXPEDITION PHILOSOPHY BUILT ON EXPLORATION

Every voyage aboard Ocean Victory is guided by a simple idea: the experience comes first.

Our experienced Expedition Team continuously adapts each day based on weather, local conditions, and wildlife opportunities. No two journeys are ever the same, and unexpected moments often become the most memorable highlights of the voyage. This flexibility is not a compromise. It is the essence of true expedition travel.

YOUR EXPERIENCE ON BOARD

Life aboard Ocean Victory balances adventure and comfort. After a day of exploration, return to welcoming public spaces, engaging lectures, thoughtful cuisine, and panoramic views from multiple observation areas throughout the ship.

With fewer guests on board, the atmosphere remains warm, informal, and personal. Friendships form naturally, remarkable encounters unfold unexpectedly, and each day is shaped by the destinations, wildlife, and conditions around you.

DRESS CODE

Life aboard Ocean Victory is relaxed and informal, with comfort and practicality taking priority throughout the voyage. During the day, guests typically wear casual expedition attire, with layers recommended for changing weather conditions.

In the evenings, the atmosphere remains relaxed, and there is no formal dress code on board. For special occasions, such as the Captain's Welcome Reception, some guests may choose to dress up a little, though this is entirely optional.

Onboard Procedures

Life aboard Ocean Victory is designed to be both comfortable and effortless, allowing you to focus on the experience and destinations around you. The following information provides a helpful overview of daily routines, onboard services, and practical guidelines to help you make the most of your voyage.

DAILY PROGRAM & ANNOUNCEMENTS

Each day, a Daily Program outlines planned activities, excursion times, meal hours, presentations, and important information for the day ahead. It is your key reference for what is happening on board and ashore.

Expedition travel is shaped by local conditions, wildlife opportunities, and operational considerations. While your Captain and Expedition Leader will always strive to follow the intended itinerary, adjustments may occasionally be required to ensure the best possible experience and the safety of all guests.

Updates are shared during daily briefings and via the onboard PA system, including announcements regarding schedule changes, wildlife sightings, and special activities. We recommend listening carefully to all announcements, as plans may change with little notice. Staying informed will help you make the most of each day.

IMPORTANT GUIDELINES FOR ACTIVITIES

All activities, whether on board or ashore, operate under strict safety and environmental guidelines. These guidelines are in place to protect the destinations we visit, ensure guest safety, and support a rewarding experience for everyone on board.

Unauthorized activities are not permitted during the voyage, and personal recreational equipment or technologies may only be used with prior approval. Personal drones and UAVs are strictly prohibited.

BOARDING CARDS

Your boarding card serves as both your room key and onboard identification. During excursions, it is used to register your departure from and return to the ship, ensuring that all guests are safely accounted for throughout the voyage.

Please keep your boarding card with you whenever you leave your stateroom, particularly when going ashore or joining Zodiac activities.

ONBOARD ACCOUNT

All onboard purchases are charged to your personal onboard account. This includes beverages, Boutique purchases, spa treatments, gratuities, and other optional services.

At the end of the voyage, all expenses are conveniently settled in a single transaction. Please refer to your final travel documents for accepted payment methods and further details.

STAYING IN TOUCH FROM ON BOARD

Wi-Fi and phone services are available on board; however, connectivity may be limited as we travel through remote regions. Signal strength and availability can vary depending on location, weather, and satellite coverage.

Many guests choose to embrace this opportunity to disconnect and fully immerse themselves in the journey. Details regarding internet packages and pricing can be found in your final travel documents.

BRIDGE ACCESS

The Bridge is the operational center of Ocean Victory and is generally closed to guests during normal operations.

On select occasions, and at the Captain's discretion, guests may be invited to visit the Bridge under supervision. These visits offer a unique insight into the navigation and operation of the ship and are always subject to safety and operational requirements.

SMOKING & VAPING

For the comfort of all guests and the protection of the environment, smoking and vaping are only permitted in designated outdoor areas on board.

Smoking and vaping are not permitted in staterooms, indoor public spaces, or expedition embarkation areas.

We kindly ask guests to use designated areas and dispose of materials responsibly.

TIPPING & GRATUITIES

Tipping is entirely optional and left to your discretion. Any gratuities received are shared fairly among the onboard team, including the Expedition Team, hotel staff, and ship's crew.

Your generosity is always appreciated and is a meaningful way to recognize the team's hard work. Suggested guidelines will be included in your final travel documents. If you choose to leave a gratuity, it can be added to your onboard account or paid in cash.

Health & Safety

Exploring remote destinations is one of the most rewarding aspects of expedition travel. To ensure you can fully enjoy the experience, Ocean Victory is equipped with modern safety systems and supported by an experienced crew, Expedition Team, and onboard medical professional.

Your safety and wellbeing remain our highest priority at all times. The following information outlines a few important considerations designed to help you travel comfortably, confidently, and safely throughout your voyage.

SAFETY BRIEFINGS & LIFEBOAT DRILL

At the beginning of your voyage, all guests are required to participate in a mandatory safety briefing and lifeboat drill. These procedures are conducted in accordance with international maritime regulations and form an important part of your expedition experience.

During the briefing, you will be introduced to essential safety procedures, emergency signals, and your designated muster station. The crew will explain what to expect in the unlikely event of an emergency and demonstrate the correct use of safety equipment.

While we hope these procedures will never be needed, they are designed to ensure that all guests feel informed, prepared, and confident throughout the voyage. Your participation is mandatory and helps us maintain the highest standards of safety on board.

MEDICAL FACILITIES

A qualified English-speaking medical professional is available on board, and Ocean Victory is equipped with a medical clinic to support guest well-being.

Please note that onboard medical facilities are limited to basic and emergency care. As our voyages often travel through remote regions, access to advanced medical treatment may be several days away.

Guests must be in good health and prepared for the physical demands of expedition travel. Please complete your medical form honestly and thoroughly, as this helps us assess your suitability for the voyage and support you appropriately.

We strongly recommend bringing all necessary personal medications for the full duration of your journey. Preparing for seasickness is also advised, as medication is often most effective when taken in advance.

Please refer to your final travel documentation for further details.

MOBILITY CONSIDERATIONS

Ocean Victory is not fully barrier-free, and guests should be aware that moving around the ship may require care and confidence.

- Doors to outer decks may be heavy or narrow, with raised thresholds.
- Deck surfaces can be uneven or slippery and may include obstacles such as pipes, drains, or equipment.
- In rough sea conditions, elevators may be unavailable, requiring the use of stairs to access key areas on board.

If you have mobility limitations or use walking aids, please carefully consider your participation. Expedition activities may involve boarding and disembarking Zodiacs, as well as walking on uneven, rocky, wet, or otherwise challenging terrain.

While the Expedition Team can assist guests when boarding Zodiacs and stepping ashore, they are unable to provide ongoing one-to-one assistance during landings.

For safety reasons, the Expedition Leader and Captain reserve the right to limit participation in shore landings or activities where necessary.

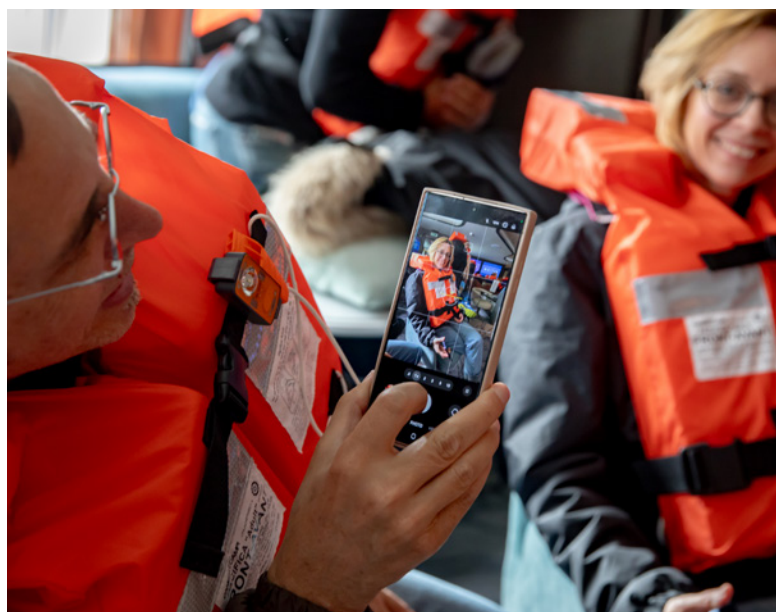

Careful preparation will help ensure you can enjoy your voyage as safely and comfortably as possible.

LANGUAGE ON BOARD

English is the official language on board Ocean Victory.

All presentations, announcements, mandatory briefings, and safety instructions are conducted in English.

While our team will do their best to support non-English-speaking guests, a good understanding of English is essential for safety. Guests who are unable to fully understand safety briefings may be restricted from participating in certain activities at the discretion of the Expedition Leader or Captain.
